Re Application Number: WD/2017/0926/F
SHEFFIELD PARK: TO CONSTRUCT A FOOTBRIDGE OVER THE RIVER OUSE

Dear Sirs,

The Gardens Trust (The GT) - formerly the Garden History Society (GHS) - is a statutory consultee on matters concerning registered parks and gardens, and is now working closely with County Garden Trusts, such as Sussex Gardens Trust (SGT), with regard to commenting on planning applications.

The site of the proposed footbridge lies just outside the boundary of the Grade I Registered Park. From a review of the documents submitted with the application, the Trust does not consider the footbridge would harm the significance of the Park. For this reason the Trust neither supports nor objects to the application.

Yours faithfully

Jim Stockwell.

On behalf of the Sussex Garden Trust.
